

CERTIFICATE

Welding of railway vehicles and components according to EN 15085-2

This is to certify that **LOTOS Kolej Sp.zo.o.**

**Michalki 25
80-716 Gdansk
POLAND**

is qualified to perform welding work within the range of certification of:

Certification level CL1 according to EN 15085-2

Field of application: • New build of parts for railway vehicles CL1 and repair of railway vehicles and their components DIN 27201-6 components of bogies and underframes.

Range of certification

Welding process according to DIN EN ISO 4063	Material group according to CEN ISO/TR 15608	Dimensions	Comments
111	1.1/X120Mn12 1.3	t = 3 - 10 mm t = 3 - 20 mm	FW BW, FW
135	1.3	t = 3 - 20 mm	BW, FW

Responsible welding coordinator: Dipl.-Ing. Tadeusz Lichota (Level A) [external]
born: 24.06.1959

Deputy with equal rights: -

Deputy: Krzysztof Kalbarczyk (IWS) born: 04.07.1972

Comments: see reverse

Certificate no.: TÜVNORD/15085/CL1/165/1/13

File reference: 8113098309 TN3295

Valid: from 23.01.2016 to 22.01.2019

Issued on: 30.03.2016

Auditor: KRULISZ
General regulations (see reverse)

Wätke
deputy head of certification body

Certificate no.: TÜVNORD/15085/CL1/165/1/13

Comments:

Authorized for performing, evaluation and approval of qualification tests of welders and approval testing of welding operators, production weld tests and tests for the approval of welding instructions is: Mr. Tadeusz Lichota (level A)

General regulations

according to EN 15085-2

Revocation of the Certificate

The national safety authority or the manufacturer certification body issuing this certificate may revoke the certificate if:

- there are justified doubts as to the proper execution of the welding work according to the stated standards,
- there are justified doubts as to the proper welding coordination according to the stated standards,
- no recognized welding coordinator is available any longer,
- no valid qualification test certificates for the welders and welding operators according to the specified standards are available,
- welders or welding operators without tested qualifications have been entrusted with the execution of welding work under the stated standards,
- other conditions according to the stated standards are no longer satisfied,
- the manufacturer certification body was refused an opportunity to perform the annual verification,
- the welding manufacturer waives the certificate

The welding manufacturer shall acknowledge the revocation in writing to the manufacturer certification body. The manufacturer certification body shall notify the national safety authority.

If a valid certificate is to be renewed, the renewal must be applied for with the manufacturer certification body at least **two months** before the end of the period of validity of the current certificate.
